REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

Claims 1-32 are allowed because the prior art references of record fail to teach or suggest a liquid supply system comprising connection means that connects a liquid reservoir to a position within a liquid container being immersed in the contained liquid; and means for alternately pressurizing and depressurizing the reservoir, the arrangement being such that when the reservoir is pressurized gas is forced into the container through the connection means and accumulates above the liquid in the container, and such that when the liquid reservoir is depressurized accumulated gas in the container forces liquid through the connection means to the reservoir in the combination as claimed.

Claims 33-38 are allowed because the prior art references of record fail to teach or suggest an inkjet printer comprising a liquid supply system that includes connection means connecting a liquid reservoir to a position within a liquid container that is immersed in the contained liquid; and means for alternately pressurizing and depressurizing the reservoir, the arrangement being such that when the reservoir is pressurized gas is forced into the container through the connection means and accumulates above the liquid in the container, and such that when the reservoir is depressurized accumulated gas in the container forces liquid through the connection means to the liquid reservoir, the liquid container being an ink container, and the liquid reservoir being an ink reservoir arranged to supply ink to the print head in the combination as claimed.

Citation of Pertinent Prior Art

Art Unit: 2861

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. These prior art references (US Pat. 4,383,263; US Pat. 5,446,486; US Pat. 5,886,718; US Pat. 6,663,233) cited in the PTO 892 form show an ink supply system which is deemed to be relevant to the present invention. These references should be reviewed.

CONCLUSION

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
